**CONDITIONS OF SALE.**

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L ELDER.

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

#### THE HALL COLLECTION OF HARD TIMES TOKENS, 1834-41.

Issued during one of the most exciting periods in our political history. These tokens in many cases contain quotations, the political catch-words and slogans of the times. They circulated as money in lieu of the real coins, which were scarce, and the panic of 1837 added to the necessity. Jackson opposed the U. S. Bank and many tokens refer to this opposition, "Down With the Bank" being one slogan, found on the tokens. The Whigs opposed Jackson as a tyrant, comparable to George III in earlier times. The slogan "OK" here appeared on the tokens, but it was also used in ridicule of Jackson. Webster's defence of the Constitution is many times referred to on the tokens, and "A friend to the Constitution" doubtless ridiculed Webster as it appeared on a token bearing the figure of a Steer. Van Buren "followed in the steps" of his "illustrious predecessor," also noted together with the figure

of a donkey and so on. The Tortoise alluded to the slow and insecure methods of moving Government deposits from the U. S. Bank to State Banks. The store cards without political references readily passed as necessity money current for one cent, and are usually of the old cent size. The following collection is one of the largest ever offered and contains some rare and interesting pieces. The references are to Lows work on the subject, which should be entirely reprinted together with additions. These tokens are fast reaching the century mark in age and are of greatest interest. —T. L. Elder.
